Our Mission

Fourth Baptist Christian School, as a ministry of Fourth Baptist Church, is committed to the development of a student's spiritual life in Jesus Christ, while pursuing academic excellence in a manner which honors and glorifies God, based on the only infallible Word, the Bible.

Minnesota Legislation Update: Christian College PSEO Programs

A companion bill in the Minnesota House and Senate addresses Christian colleges and PSEO programs in our state. This is part of the many changes in education policy brought on by Governor Walz and the DFL controlled House and Senate. HF-1269 and SF-1311 include language that has been added to the policy. On lines 19.8 and 19.11, both bills read as follows: "An eligible institution must not require a faith statement during the application process or base any part of the admission decision on a student's race, creed, ethnicity, disability, gender, or sexual orientation, or religious beliefs or affiliations." This language will disallow funding for Christian college programs that require students to sign a faith statement in order to be accepted and attend these programs.

An example of an eligible institution is the University of Northwestern, St. Paul and other area Christian colleges in our state. Students have enjoyed the privilege of attending these schools in their junior and senior years and receiving free college tuition in order to take advantage of the state funding for post-secondary education. FBCS, and many schools in our association, has created "Honors" programs which allow our students the ability to work on-line and receive dual credit in order to get a jump start on earning college credits during the junior and senior years of high school. "We have chosen to not offer AP courses because there is no guarantee of earning credit if the final tests are not

passed," said Mr. Hodak, Administrator of Fourth Baptist Christian School. "When we take college courses from an institution like the University of Northwestern, St. Paul, our students pass the courses and earn college credits. They also receive a college transcript from Northwestern, a regionally accredited university."

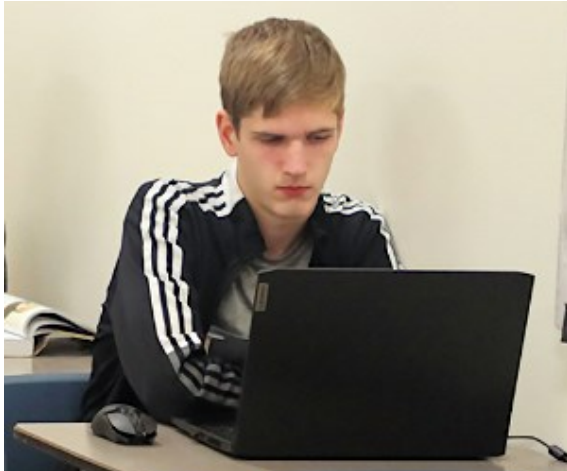

Many have panicked over the language of this bill, but it will not affect Northwestern's ability to administer their on-line PSEO program because no faith statement is required to be signed to take their on-line coursework. This new stipulation, if passed, will not change our school's ability to take their courses, but it will affect the university's ability to offer their on-site program to students desiring to attend Northwestern early and remain there for their final two years of college. This will indirectly affect the

(Continued on page 2)

(Legislative Update, Continued from page 1)

bottom line for Northwestern and could have an effect on their overall PSEO program. Our students have benefited from Northwestern's commitment to excellence and we are grateful for their excellent on-line course offerings.

A few weeks back, I sent an email to our MACS schools' administrators and pastors to share with each of their

constituents and take some action in writing, calling, or emailing each state Representative and Senator to eliminate this added language in these two bills. The current legislature seems to be dead set on changing much of the educational policy that our state has known for decades. There is no question that as we watch new attempts being made to change the face of education policy in Minnesota, the trickle-down effects will eventually reach into private education.

We must be diligent to let our opinions be made known, writing and calling our officials to let them know where we stand. Should we remain silent, we will see new attempts at government overreach into the private school realm. I can only implore you to pay attention to these things in the coming months and years. I have been told that by this coming summer, we will no longer recognize education policy in Minnesota.

Please remember these things when the next election cycle comes and become involved in electing conservative Representatives and Senators in your respective districts. ~Mr. Alan J. Hodak

FBCS Names New Administrator for 2023-24

By unanimous recommendation of the pastors and deacons of Fourth Baptist Church, **Mr. Andrew Broere has been named as the next Administrator of Fourth Baptist Christian School!**

Mr. Andrew Broere earned his BS in Mathematics Education from Maranatha Baptist Bible College and his Masters of Educational Leadership degree from Concordia University in Chicago. Mr. Broere has nearly 20 years of Christian education experience, serving as a math teacher, an elementary principal, and an assistant administrator in three different schools. He also teaches as an adjunct professor at Bob Jones University.

Most importantly, Mr. Broere has spent the last four years with us at Fourth Baptist Christian School and has become part of our FBCS family, fulfilling Mr. Hodak's vision for continuity of school leadership. While Mr. Broere has been approached with other opportunities, his desire is to remain with us and lead us forward as Mr. Hodak has for the last 13 years.

We look forward to God's blessing us in the years to come under Mr. Broere's servant leadership!

What are the Benefits of CLEP Testing?

College Level Examination Program (CLEP) is an option for high school students to demonstrate their knowledge in various subjects and earn college credits. To assist students in this program, Fourth Baptist Christian School offers CLEP testing in our computer lab. CLEP testing offers numerous benefits to high school students, including cost savings, accelerated graduation, and enhanced college applications.

One of the primary benefits of CLEP testing for high school students is cost savings. According to the College Board, which administers CLEP exams, the average cost of tuition and fees for a four-year degree at a public university is around \$10,560 per year. By earning college credits through CLEP testing, students can potentially save thousands of dollars in tuition costs. Moreover, given the high cost of higher education, CLEP testing can enable access to higher education to students who otherwise may not have been able to afford a college education.

Additionally, CLEP testing can help students graduate college more quickly. According to the College Board, students who earn 15 credits through CLEP testing can graduate an average of one semester earlier than their

peers who do not. This means that CLEP testing can provide high school students with a pathway to enter the workforce or graduate school sooner and begin pursuing their career goals.

Furthermore, CLEP testing can also help high school students stand out on college applications. According to the National Association of College Admission Counseling, 84% of colleges and universities consider CLEP credits in their admissions process. This means that earning CLEP credits can demonstrate to college admissions officers that a student is motivated, dedicated, and has a strong understanding of various subjects.

Since CLEP testing can be a valuable tool for high school students, FBCS has become a certified CLEP Testing Center, open to our students as well as the public. By offering this opportunity, Fourth Baptist Christian School demonstrates its commitment to providing high-quality education and preparing students for success in higher education and beyond.
~Mr. Andrew Broere

For more information regarding CLEP testing at Fourth, please contact our high school math teacher, Mrs. Beth Hank, at bhank@fourthbaptist.org.

MACS Speech & Bible Festival 2023

This annual event took place on February 9, 2023 at Woodcrest Baptist Academy. Each year, our seniors participate as a part of their speech class requirements, and other students are able to compete in the festival if they choose to. Our school's results are below.

- Spelling Bee—Boston Faithfull—2nd place; Charles Okafo—3rd place
- Declamation—Abbie Page—2nd place, Superior
Declamation—Danielle Komonash—3rd place, Excellent
- Duet Acting—Lily Broere & Joy Okafo—Superior
Duet Acting—Landon Broere & Adriel Ng—Superior
Duet Acting—Vivian Bui & Anna Nixon—Excellent
- Oral Interpretation of Poetry—Karina Mendoza—3rd place, Superior
Oral Interpretation of Poetry—Evie Williams—Superior
Oral Interpretation of Poetry—Zion Zhang—Excellent

2023 MACS JH Fine Arts Festival

The annual Junior High MACS Fine Arts Festival was held on Wednesday, March 1st, at First Baptist School in Rosemount, MN with seven schools and 269 students competing in 159 events including Art, Bible, Speech, and Music. Our FBCS Junior High students did an amazing job with excellent and superior ratings from the judges! Students participated in choir, vocal ensemble, vocal solo, band, instrumental ensemble, instrumental solo, piano solo, art, and speech categories. Students kept busy throughout the day attending our FBCS events and supporting their friends as they performed. We appreciate the family and friends that came to support our students. Thanks also to Miss Harmon and Mrs. Bruffey for their help with rehearsing and accompanying for the festival. The students also performed their MACS selections for the residents at Westridge Retirement Home in Hopkins on Wednesday, March 29. We are thankful for the talents and abilities that God has given to our students. ~ Mr. Levi Kolwinski

Elementary Happenings

Story Theater Group Visits FBCS

On Tuesday, February 28th, the first and second graders attended a special story theater program. Story Theater is a program of Community Education given by a group of about ten older men and women in the Robbinsdale Area Schools. We thoroughly enjoyed listening to them read and act out *The Four Musicians* and *Arthur's Pet Business*.

The Four Musicians is a story of four older animals that had been cast out by their masters and how they scared a gang of robbers away with their singing to take over the robber's home. *Arthur's Pet Business* is a story about a boy who wants a puppy, but first he has to prove he is responsible before his parents will agree. These stories were enjoyed by all!! ~Mrs. Diane Davis

(Sorry, we do not have photos of these events.)

MN Orchestra Hall Field Trip

Our 3rd—6th grade classes were once again able to see the MN Orchestra in a special performance for elementary students in January. Anticipation rose for the students, since FBCS students have not been able to visit Orchestra Hall for the past two years. We were seated on the main floor to hear the Minnesota Orchestra's *Winter Wonderland* concert. Students excitedly pointed out the professional musicians who play the same instruments they play at school. Their curiosity peaked as they noticed instruments they had never seen before. What is a celesta, anyways? As the concert started, an emcee helped students engage with winter themed music from new and old composers. The music carried students through winter traditions from the Arctic Circle, Argentina, Australia, China, Russia, and our own United States. An appropriate ending to our expedition, our students scurried through snowflakes to board the bus back to school. We look forward to making more future musical memories with the Minnesota Orchestra. ~Miss Annelies Harmon

Warrior Spirit Week 2023

Our annual Spirit Week provides an opportunity for the student body to come together. From the first dress-up contest to final results, the students thoroughly enjoyed the team atmosphere and competition.

The student body was divided into eight different teams, each led by members of the senior class and assisted by junior class members. Through this, students are learning to work together while leadership skills and team unity are encouraged throughout the week. Activities this year included coloring contests, team cheers and verses, dress-up days, a limbo contest, quad ball, and more. Mrs. Hodak presented the story of John Newton—a slave-trader turned hymn writer—most famous for penning the classic Christian hymn, *Amazing Grace*.

This year's themed dress-up days included *Get Up and Go Day*, *Decade Day*, *Western Day*, *Be Bizarre Day*, and the traditional *Warrior Spirit Day* to wrap up the week.

Warrior basketball brought fans together to cheer for their teams in home games against St. Vincent, Avail Academy, St. Cloud Christian, St. Rafael, and Rochester Homeschool – it was a busy week!

Spirit Week Team Champions were the Anchors (Team 4), led by Adriel Ng (12th) and Isaiah Roman (11th). Their names will be recorded on the plaque on the office wall.

The final word on Dollar Wars was a tie between Mrs. Gustafson's 4th grade and Mrs. Leith's 5th grade. They both celebrated with an ice cream party on Friday, April 1. A total of \$567.36 was raised for the Juvenile Diabetes Foundation in Bloomington. Thank you to everyone who gave toward this effort! ~Mr. Andrew Broere

Warrior Varsity Girls Basketball: A Season of Growth

If there is one word to describe the 2022-23 girls basketball season, it would be **growth**. After losing our seniors from last year, our underclassmen girls had to step up to the challenge. We started out the season with four ugly losses to Community Christian, St Francis Christian, Rochester homeschool, and Woodcrest Baptist. They did not take these losses lightly, and it showed in their heart and intensity in the practices and games to come. In particular, the loss to Woodcrest seemed to light a fire under these girls as they won their next nine games including a rematch against rival Woodcrest.

Our win streak would finally come to an end in the championship game of the Midwest Classic at Faith Baptist Bible College. Unfortunately, we would suffer two key injuries in that tournament with Sophia Morrell breaking her finger, and Alyssa Stephens spraining her knee. We lost Sophia for the rest of the season, and

Alyssa was out for two weeks. On the bright side, these injuries opened the door for some other girls to play bigger roles. Paige Emslie, Megan Page, and Sydney Weisser took those roles and ran with them, as each girl saw marked improvement the remainder of the season.

We entered the MACS tournament playing our best basketball of the year. Unfortunately, it wasn't enough as we fell three points short in the semi-final game against St. Francis. However, we put that loss to the side, and beat Woodcrest in our last game of the season to earn 3rd place in the MACS.

The biggest highlights of the season came in the month of February. First, we won our homecoming game by upsetting the undefeated Rochester Homeschool Defenders 38-37 which was a team that had beat us earlier in the season by **23 points!** Second, on February 17th against Rosemont, our girls ran a play perfectly which created a wide open three-point look

Basketball Captains:

Clara Rieschl, JoJo Rieschl, Alyssa Stephens

MACS Basketball Honors:

- 1st Team All-Conference: Clara Rieschl, JoJo Rieschl
- All-Conference Honorable Mention: Alyssa Stephens
- All-Tournament Team: Clara Rieschl, JoJo Rieschl

Faith All-Tournament Team:

- Clara Rieschl, JoJo Rieschl

for Clara Rieschl. She swished it, scoring her 1,000th career point. What made it even more perfect was that her sister JoJo had the assist. Overall, this was a season of growth which was seen in each girl on this team.

Warrior Awards: Most Improved Player—Megan Page; Hustle Award—Alyssa Stephens; Warrior Award—JoJo Rieschl; MVP—Clara Rieschl

We are looking forward to next season already! ~Coach Clayton Morrison

Warrior Varsity Boys Basketball: A Season of Growth

This season was a season of **growth**. With no seniors on the roster, many of our minutes went to freshman and sophomores. From the beginning of the season to the end of the season, we had many players sharpen their skills and become essential to the team's success. Along with a core of juniors, our team came together and was very competitive in almost every game. Even though our record did not reflect a winning season, this team has what it takes to win in the future because of the valuable experience attained this season. We are very excited about our potential for the next year. ~Coach Jason Webster

Varsity Captains:

Shaun Larson & Jacob Combs

MACS Basketball Honors:

- All-Conference Second Team: Shaun Larson
- All-Conference Honorable Mention: Grant Vikander

Warrior Awards: Most Improved Player—Grant Vikander; Focus Award—Evan Harvath; Leadership Award—Shaun Larson

JV Boys Basketball

With a rotating cast of players, the JV Boys team played 16 games this year and finished with a solid record of 10-6. The team hit the ground running in their season opening JV tournament and came away with a tough second place finish, losing in the championship game by just 2 points. Due to some unfortunate varsity absences, we needed to shuffle some players around throughout the season, but the team kept rolling smoothly no matter which players we had for any given game. We had a total of 15 different players play at least one game for the JV team, and those players displayed a good foundation of teamwork and growth during the year. The JV team definitely showed that we have some promising potential for the future of Warrior basketball. ~Coach Combs

Clara Rieschl - Our Newest 1000pt. Club Member!

On Friday, February 23, 2023, Clara Rieschl, a junior guard, sank her 1000th point during the last regular game of the season at First Baptist School of Rosemount. Coach Morrison designed a special play so that Clara could score on a 3-pointer assisted by her twin sister, JoJo. Clara joined the Varsity Girls Basketball Team in 8th grade, and quickly became a scoring leader for the team. We congratulate Clara on this milestone achievement!

~Mrs. Alison French

JH Girls Team Blue

This was a great season of taking the next step in basketball knowledge and practice with this group of returning 7-8th girls. They all improved daily in their skills, as well as in their knowledge of the game. We were able to experience some winning this season so we often talked about praising God when and how we win, as well as being prepared to praise God when we lose. Although the scoreboards don't always reflect the improvement of players at our level, from a coach's perspective it was exponential. As always, by the time we played our last games of the season all the things we had been working on were coming together. Each year at this point, we wish there were two more weeks to the season. Thank you for supporting your girls and our team this year. It was a wonderful season of fun, learning and winning! ~Coach Jeremy Stephens

Warrior Awards: Most Improved Player—Ava Fure; Let It Fly Award—Claire Vikander; Warrior Award—Brianna Treptau

JH Girls Team White

I was blessed to coach the sixth-grade girls team, lovingly known as "Team White." 2 Corinthians 5:9 was the verse we reviewed often with all the JH girls at practice. "So, whether we are at home or away, we make it our **aim to please him.**"

Most of the eight sixth grade girls were new to playing basketball and they learned a lot in our short season. We started with the basics: how to dribble, how to protect the ball, how to shoot, how to play defense (without fouling). I am happy that they learned so much, and I hope that the skills learned and understanding gained will aid them as they play in the future.

Our team played in the NSPSL league this season. We played in seven games this season before the end of season tournament. We won just one of those regular season games. What our record doesn't show is how much the girls improved in their scoring ability (running our offense better, learning how to set a pick properly, shooting more effectively) as well as in their defense (playing more aggressively).

The final NSPSL tournament was Feb 23rd-25th. Our team played in the Tier II tournament. We won our first-round and second-round games! In the final Tier II Championship game, we lost by just one point (19-20). The girls were certainly disappointed with the loss (which I can understand), but I am so proud of how far they came to get to the final game and how well they played. I look forward to watching these girls play in the future! ~Coach Sarah Stephens

Warrior Awards: Best Bucket Celebration—Isabelle Chuprinl
Scoring Leader—Allison Leanger; Coach's Award—Sarah Goshgarian

JH Boys Team Blue

It was my privilege to coach these 7th & 8th grade boys on the JH Blue Team. We had a very difficult season as we faced some really good competition in the parochial league, and then in the JH MACS tournament also. We went 4-10 for the season, which includes two losses by one point in overtime—which were tough losses for everyone—but through it all, we remembered our goal was to “Have Fun” no matter the outcome.

We had a few players who were experienced but the majority of our team was still learning the game, so it was interesting to see how they jelled together as the season went along. We were able to improve our dribbling, our passing, our shot selection, and our defense as the season went along, while also seeing our turnovers per game go down. We were able to play fast but under control, by full court pressing and pushing the ball up the court.

My hope, for all of the players, is that they play a ton of basketball in the offseason so that they can continue to get better. Thanks to the parents for being really supportive, to Joe and Kathryn Combs for doing the book, and also to our Athletic Director, Clayton Morrison, for giving me this opportunity to coach the team! It was A GREAT GROUP of boys to coach. ~Coach Paul Larson

Warrior Awards: Most Improved Award—Lukyn Williams; Tower of Power Award—John Goshgarian; Game Changer Award—Josiah Combs (Josiah was also named to the all- tournament team at the JH MACS tournament.)

JH Boys team Silver

The JH Silver Team had a very successful season, finishing with a 7-3 record. The team demonstrated a lot of growth over the season. Our two seventh graders showed tremendous leadership over the course of the season, and the sixth-grade players, although newer to the game, showed natural talent for the sport and brought serious competitiveness and energy to our practices and games.

As the season progressed, the team as a whole demonstrated consistency in their play, winning six of the seven regular season games. At the end-of-season tournament, we played well against some tougher teams, and ended up finishing in 6th place. The guys have a lot of potential if they continue to put in the work, and we can't wait to see where they go in the future! ~Coach Fredericksen and Coach Bruffey

Warrior Awards: Best Offensive Player—Christian Kolwinka; Best Defensive Player—Liam Broere; Blood, Sweat and Tears Award—Isaiah Caasi

JH Boys Team White

The Junior High White Team had a rollercoaster of a season! We started off with an exciting overtime win at home and played in a lot of close games to follow. JH White gave their all every time they were on the court and never gave up. In our practices, we worked hard on the fundamentals of basketball, with the goal of preparing the boys for the next level. Every player improved in their individual skills and contributed to our success throughout the season. I am looking forward to seeing how each player progresses as both a basketball player and student at Fourth Baptist Christian School! ~Coach Travis Tumlin
